When It Comes Time to Sell, Let Our Success Be Your Success

Whether your collection is worth \$5,000, \$50,000 or more than \$50,000,000, the same firm that showcased the world's most valuable collections will showcase your coins as well. Consider the following:

Four of the five most valuable United States coin collections were sold by Bowers and Merena Galleries. In first place is the Eliasberg Collection for \$45,000,000, followed by the Harry W. Bass, Jr. Collection at \$38,000,000. The Garrett and Norweb Collections were also sold by our firm and rank as the third and fifth largest United States collections ever sold, realizing \$25,000,000 and \$20,000,000 respectively.

Of the top ten world record prices for U.S. coins sold at auction, Bowers and Merena Galleries has sold four—including the first coin ever to break the million dollar mark, the Eliasberg 1913 nickel sold in May 1996 for \$1,485,000!

Over 50,000 active customers and growing. Our corporate affiliation in the collectibles arena provides us with the most important and largest list of collectors ever assembled who will be invited to bid on your coins. And, let's remember that the same bidders and buyers who set world-record prices in the past, will be competing for your collection as well!

Confidential finders fees and cash advances are always available.

Our next prestigious auction is waiting for your collection. You can take advantage of the same quality of cataloguing and the same track record, all for a low commission rate you will find to be very competitive. It makes sense to have the most prestigious rare coin auctioneer handle your collection. Mark Borckardt will personally supervise and participate in the showcasing of your collection or individual rarities, while the entire Bowers and Merena Galleries staff will lend expertise and enthusiasm. Additionally, we can offer you an immediate cash advance against your consignment while we showcase your coins to their finest advantage.

Our auction schedule for 2004 and beyond is bursting with opportunities for you to consign your rare coins and currency. To reserve a place for your material call Jim Morrison or Sue Mitchell today at 800-458-4646. It may well be the most financially rewarding decision you have ever made.

Outstanding Service Outstanding Value

Go where those "in the know" go to sell their coins! We buy millions and millions (and millions!) of dollars worth of coins each year from collectors and dealers. Obviously, they're going where they can get the best deal for their coins, and that's why they choose Spectrum Numismatics. So should you!

Spectrum Numismatics
Irvine, CA

ATTN Mr. Dale Larsen

Dear Mr. Larsen

I thoroughly enjoyed our pleasant conversation of Thursday June 19 of this year. As a novice coin collector I have purchased some coins that I wish to sell.

I had decided to use Spectrum because of the fine reputation that the company has in the numismatic industry.

Speaking to you last week merely reinforced that opinion. You were very honest and forthright and I value the advice that you gave me. I hope this transaction is one of many to come in the future.

Sincerely yours

J.H.
New York

Dale Larsen is a coin collector turned rare coin dealer. "I've walked a lot of miles in the collector's shoes and I know how he or she likes to be treated," Larsen says. His specialty is coins with "great eye appeal" and he "loves dealing with the public."

USING YOUR 2004 NUMISMATIC DEALER DIRECTORY

Your **2004 NDD** provides two ways to look-up coin dealers. The first section is a cross-referenced, alphabetical listing by last name or company name (CAPITALIZED listings). Personal names are followed by their state & company name. When the company name is the same as the numismatist's name, you will be able to locate them either way. For example, Julian M. Leidman will have two cross-references: 1) Under J, look for "JULIAN M. LEIDMAN" to find the company name, state, & telephone number; and 2) Under L, "Leidman, Julian M., MD, Julian M. Leidman" gives you his personal name, his state, his company name, and telephone number.

The second section is arranged by state, and therein alphabetically by *company* name (names such as *I-A Coin Co.* or *A&B Coin Co.* start each new state). If you know the state & *company* name, those listings contain the full mailing address and telephone numbers. When an individual's name is also the company name, **keep in mind that the listing will be alphabetical using the first name.** For example, the address of the *company* "Julian M. Leidman" can be found in Maryland under the first letter "J". Within the second section, we have highlighted our advertisers with blue ink. We encourage you to read all advertisements; they contain important information, and this directory would not be possible without their support. These leading dealers are sure that this directory will be one of your most useful numismatic tools. The advertising index will direct you to the various advertising categories. The cross-references in red ink will direct you to advertisements under related categories.

We hope that you find the **2004 Numismatic Dealer Directory** to be a useful tool throughout the year. And please don't forget to send in any updated information as soon as possible. If you do not refresh your information, you may be deleted from future issues. Also, please delete any persons no longer employed by your company.

PUBLISHER'S STATEMENT OF COPYRIGHT & LIMITATION OF LIABILITY

Reproduction of any part of the **2004 Numismatic Dealer Directory** without written permission of the **Coin Dealer Newsletter** is a violation of copyright law and is specifically prohibited. The **CDN** will strictly respond to any and all violations of the **CDN** copyright.

Every precaution has been taken to avoid errors and omissions in the **2004 Numismatic Dealer Directory**, both in the directory listings and in the display advertisements. The **Coin Dealer Newsletter** expressly rejects any liability for errors in the listings due to incomplete, inaccurate, or omitted information. If you do not refresh your information by responding to our mailings, you may be deleted from future issues. The **2004 NDD** listings have been updated to the best of our ability based upon your returned cards, plus the most recent public data available. If your name was removed from the **2004 NDD**, you will need to submit a listing request form (found in the directory) to be reinstated in the database. If any listing is incorrect, please notify us as soon as possible so that we can update our files. This will also help you — should we receive an inquiry, we can provide the corrected information. Please send us one of the listing request forms whenever your information changes — and remember that many new telephone Area Codes are being created.

Every precaution has also been taken to correctly include all display advertising. Should any error have occurred, an advertiser is limited in recovering for any loss or omission to a pro-rata abatement of the charge paid for such advertising in the proportion that the error reduces the value of the entire advertisement. In no event shall such recovery exceed the amount paid to the **Coin Dealer Newsletter**. An advertiser can substantially avoid the risk of errors or omissions by submitting camera-ready copy, which we encourage for all display advertising.

Note to consumers: The **2004 Numismatic Dealer Directory** has been prepared for the dealer community. As consumers, only you can decide what services or products best meet your needs. The inclusion of any dealer, either in the listings or advertisements, is *not* an endorsement of the individuals concerned, their companies, business practices, services, or products. Furthermore, you should be aware that advertisers are subject to various local, state, and federal laws and regulations; the enforcement of such laws and regulations is the responsibility of the appropriate agencies.

"This is the book about the coin business you can't afford to be without." - **NEWSWEEK**

"Should be read before a single coin is bought - and read again and again!" - **Coin World**

UNPRECEDENTED SIX-TIME NUMISMATIC LITERARY GUILD AWARD WINNER

Traditionally, learning a lesson in the rare coin market has been very expensive. You would buy a coin for \$500, find out later that it was worth only \$50, and, thus, you would have to pay \$450 to learn just one lesson. But now, thanks to the revised fourth edition of *The Coin Collector's Survival Manual™*, by Scott A. Travers, you no longer have to pay a fortune to learn about how to buy and sell coins profitably.

This thoroughly revised edition examines the coin field from an insider's perspective and continues to break new ground in revealing the ins and outs of coin collecting and investing. Excellent photographs and detailed charts amplify the encyclopedic, clearly written, meticulously organized text. You'll learn about the following:

- How to look at coins the way the professionals do
- How to determine what a coin is worth and what grade the leading certification services would assign to it
- How to spot slight friction on otherwise "Gem" coins
- How to tell the difference between proof and prooflike
- How lighting affects appearance—and the latest in halogen flashlights
- Altered and counterfeit detection techniques
- How to judge price guide accuracy
- Selecting and testing a coin dealer

- How not to get ripped off if you buy coins through the mail or over the Internet — courageous information
- Profitable - and not-so-profitable - liquidation techniques
- How to buy and sell at conventions like the pros do
- How to spot a cleaned and artificially toned coin
- A comparison of PCGS versus NGC — which service does the market really favor?
- Stunning exposé and bombshell interview on coin "doctoring"
- Special full-color section on artificially toned and doctored coins

SPECIAL SECTIONS ON:

- Doctored coins, how to detect them, and the case of the doctored hoard of gold rarities that got slabbed
- The real truth about slab services "fixed grading standard" claims and premium quality coins
- Revelations from a leading coin trader
- A grading service founder's startling admission of modified grading standards
- The newest tax laws

CONTAINS ALL-NEW INFORMATION ON:

- Gold coins as an economic safe haven
- Coin conservation services
- Coin insurance and safekeeping in light of September 11, 2001
- The latest Internet strategies
- Digital photography pointers
and much, much more!

Order your copy of *The Coin Collector's Survival Manual™ - Revised Fourth Edition*. 286 pages, dozens of sharp illustrations. (black & white and full color). For the price of \$19.95, you can make a mint.

How Do You Get New York City Prices For Your Coins and Paper Money, and Pay No Commissions?

Just consign to any one of our regularly scheduled Smythe auctions in New York City, and you won't have to pay a one cent in seller's commissions on single items that realize over \$1,000!

Why do professional coin dealers, leading collectors, and institutions consign to Smythe? Because we get results that speak for themselves. At Smythe, we carefully catalogue every item, illustrate your coins and paper money in print and on our website, and show and sell your lots in the largest in-house numismatic auction rooms in New York City.

If you have single coins or pieces of paper money that are valued at over \$1,000 we will charge you absolutely nothing in commissions. Please also ask us about our highly competitive rates on items of lower value.

What makes bidders participate so enthusiastically in our sales? We make them feel right at home, whether they bid online, over the telephone, through the mail, or in person.

Fast pay (28 business days) • **Generous advances** (call for details) • **Absolute reliability** (since 1880)

Rare Coin Wholesalers specializes in buying United States Rare Coins.

Steve Contursi, President of Rare Coin Wholesalers recently purchased the lion's share of The Knoxville Collection, one of the finest known collections of silver type coinage, including the Amon Carter 1794 Silver Dollar. Mr. Contursi took the 1794 silver dollar to the team of experts at PCGS, and asked for the coin to be reassessed based on his hunch that the coin was more significant than previously thought. Mr. David Hall,

President and Founder of PCGS, wrote an article about this silver dollar after their assessment. This silver dollar is now believed to be the first silver dollar ever minted in the United States. The silver dollar was the start of our international economy, allowing us to trade outside of our country.

This unique 1794 Silver Dollar has been graded as a Specimen and has been attracting media attention including being featured on the front page of major newspapers.

Visit our web site at www.RareCoinWholesalers.com to view and read more about this national treasure.

Additional information on the coins available from The Knoxville Collection are available upon request by the discriminating dealer or collector.

Whether you are a dealer, a collector, or a sophisticated investor, speak to us first. We are nationally recognized as major auction bidders with America's largest auction houses. If you need representation, call us.

ICG is Proud to Present The "King of VAMs"

The VAM 44 Discovery Coin!

In 1963, a young Berkeley engineering student encountered a revolutionary booklet, entitled *Morgan Dollar Varieties* by F.X. Klaes. In this small volume, a previously unknown 7/8TF "Doubled Leaves" variety was among the coins featured. And the rest is history!

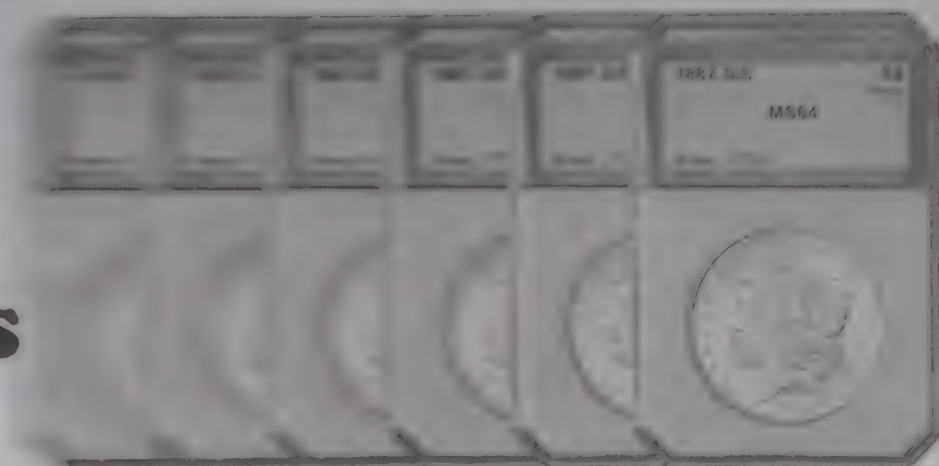

The student was none other than Leroy Van Allen.
And the coin? It was the first VAM 44, the "King of VAMs."

And naturally, IT'S IN AN ICG HOLDER!

Contact James Taylor for an ICG dealer submission kit.

Every Numismatic Library needs copies of the latest addition to the
COIN DEALER newsletter family of publications:

The Backsheet

Now that we have your attention, we really haven't started an additional newsletter — but your library should include **Back Issues** of our publications. Back issues are available two ways:

You can purchase small quantities to fill in missing issues, to obtain articles necessary for your research, or to follow your special interests. You may also combine your order for back issues of any of our publications to obtain the lowest price:

1-10 issues - \$2.50 each • 11-25 issues - \$2.00 each • 26 & over - \$1.50 each

Or, you can purchase **complete sets** of back issues for really dramatic savings:

Complete set of the weekly **Coin Dealer newsletter (Greysheet)**

from June 14, 1963 to December 19, 2003, now includes 2,067 issues.

At \$1.50 each this would normally cost \$3,100 but a complete set is only **\$2,100.**

Complete set of the monthly **CDN Monthly Supplement** (formerly the Monthly Summary)

from August 1976 to December 2003, now includes 328 issues.

At \$1.50 each this would normally cost \$492, but a complete set is only **\$370.**

Complete set of the **CDN Quarterlies**

from January 1992, to December 2003, now includes 144 issues, a complete set is only **\$160.**

Combined weekly CDN (Greysheet), Monthly Supplement & Quarterlies

now includes 2,539 issues, and extra savings at only **\$2,500.**

Complete set of the weekly **Certified Coin Dealer newsletter (Bluesheet)**

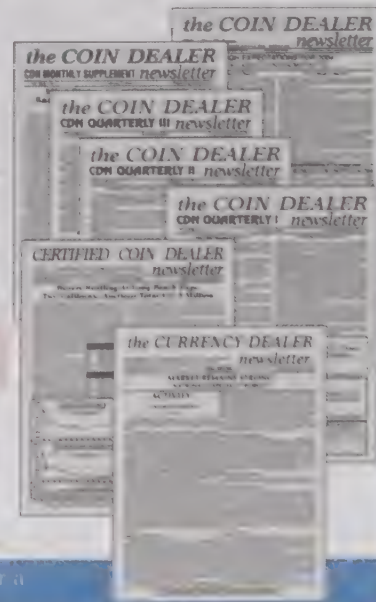

from August 22, 1986 to December 19, 2003, now includes 845 issues.

At \$1.50 each this would normally cost \$1,268, but a complete set is only **\$875.**

Complete set of the monthly **Currency Dealer newsletter (Greensheet)**

from September 1980 to December 2003, now includes 280 issues.

At \$1.50 each this would normally cost \$420, but a complete set is only **\$310.**

**3,476
Newsletters**

For the most complete numismatic pricing library possible, you may order a
COMPLETE set of all of the Back Issues listed above for only \$3,400.

3 Steps to Success

1.

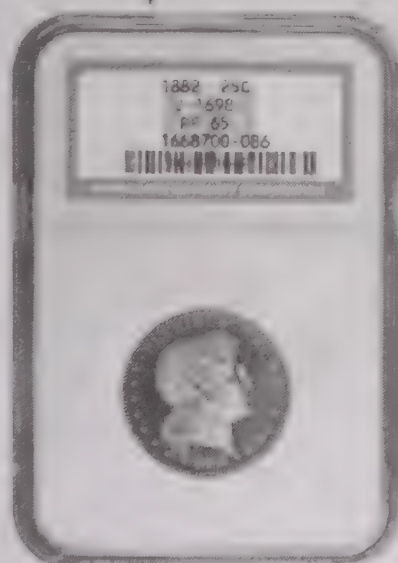

NCS evaluators determine if the coin needs or will benefit from conservation. NCS accepts all uncertified or certified coins, tokens and medals.

2.

If NCS feels the coin is a good candidate, it is conserved in our state of the art laboratory using the most advanced equipment and techniques available. NCS not only addresses the immediate problem, but also promotes the coin's longer-term stability.

3.

After conservation, if the submitter elects, the coin will be submitted for certification.

Conservation graded by NCS

Details Grading by NCS is a new and
promising approach to coin grading.
It is a proven fact.

NCS Authentication and
conservation of this grade.

How does your collection STACK UP?

About NGC's Certified Registry

NGC's Certified Coin Registry is a community for collectors where their sets can be displayed and ranked according to grade, rarity and other factors. The goal of the Certified Coin Registry is to encourage coin collecting as a hobby, acknowledge the collectors who assemble truly remarkable sets, and inspire beginner hobbyists as they embark on the fun and rewarding hobby of building a coin collection.

*Just one of the ways
our rare commitment is
redefining the hobby*

There are many advantages to using NGC's Certified Coin Registry:

- NGC's Certified Coin Registry is the most inclusive system of its kind. It ranks coins from both major certification services, NGC and PCGS, so all of the coins in your set will be included.
- Your set is ranked according to its true rarity, thanks to our highly accurate weighted ranking system.
- Receive a scoring bonus for coins with the NGC exclusive Star (★) Designation. This coveted designation is unique to NGC and identifies coins that have superior eye appeal.
- NGC, the industry's leading coin certification company, has been the Official Grading Service of the ANA since 1995 and has been the only grading service ever to hold that distinction. With the Certified Coin Registry, brought to you by NGC, you can trust that you are getting the most accurate ranking of your set.
- Currently accepting coins for ranking in more than 300 categories.

Whether you consider yourself an advanced collector, investor or both, ***THE*** most important aspect of your numismatic experience is your relationship with your numismatic professional.

Certified Assets Management, Inc. is the partnership of Robert Higgins and Don Ketterling, whose expertise and high integrity are well-known throughout the industry. As managers of the **Rare Coin Alliance, Ltd.**, wholesale rare coin funds, they believe that relationships are first and foremost and are the cornerstone of their business plan. The results of this philosophy can be found in the world-class numismatic items they've handled in only a few short years of operation.

- Most key dates and highest-graded \$20 St. Gaudens including the \$1 Million+ 1927-D MS66 and the multi-million MS-67.
- Nearly 3 dozen \$4 Stellas, including finest-known in 3 of the 4 types (PR67s).
- Over a hundred \$20 High Relief St. Gaudens including finest known of *both* mint-state and proofs (MS & PF 69s).
- The largest U.S. Currency collection ever sold consisting of over \$20,000 in face value of uncirculated 19th Century notes. Total sale price in excess of \$10 million and one of the most "secret" transactions of all time.
- Countless 19th and early 20th Century Proof Gold including finest-known in all denominations. (Including a *single* collection valued over \$10 million).
- Seated, Morgan and Trade dollars finest-known in mint-state 69 and proof 69.
- A myriad of key dates in all series in mint state and highest-graded.
- Thousands of "generic" gold and silver coins in MS63 and higher.
- Many, many more coins successfully placed with dealers and marketers.

What's on *your* want list?

IF YOUR FAVORITE PROFESSIONAL NUMISMATIST ISN'T UTILIZING OUR HUGE WAREHOUSE OF U.S. RARE COINS ALONG WITH OUR FINANCIAL STRENGTH IN MAKING **REAL** MARKETS FOR MOST COINS OF SIGNIFICANT VALUE, YOU SHOULD ASK HIM OR HER TO CONTACT US IMMEDIATELY!

We have offices on both Coasts to serve established dealers and marketers who believe that customer service and quality coins result in long-term success for themselves *and* their clients. (Sorry, we are wholesale to the trade only).

MS 70*"You'll love
this stuff!"***Industrial Strength Coin Brightener**

Proven for years as the **INDUSTRY STANDARD** used by professional numismatist and collectors alike world wide to restore **mint state** and **proof** coins to the bright - white brilliance that they exhibited the day they were minted! Developed by renowned chemist Gayl Swinehart, PhD.

Contains No Acids or Solvents Environmentally Friendly

**Safe on Gold - Silver - Nickel
Copper - Bronze - Brass**

WILL NOT GIVE YOUR COINS THAT "DIPPED" LOOK

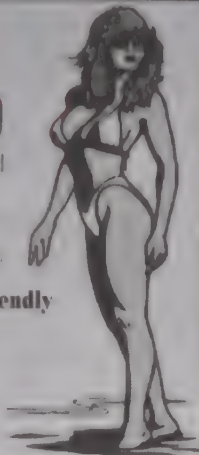

MS70 does not change the color of your coin but does remove the tarnish and surface contamination allowing the natural beauty of the original surface to show as bright as the day your coin left the mint. Surface contamination is p.v.c., tarnish, fog, oil, dirt, ect. **MS70** is a blend of industrial detergents and surfactants designed to remove surface contamination from metal without disturbing the metal surface itself.

When **MS70** is applied the surfactants (wetting agents) first break the surface tension of the contamination then the detergents is **MS70** go to work as you "work" the coin as directed on the label instructions by suspending the contamination so that it may be rinsed away leaving a bright metal surface as undisturbed as the day the coin was made.

& U.S. COIN

Realize the most money for your coins by dealing with world-class rare coin experts who have unlimited financial resources.

Sell Us Your Coins!

Top prices— Go where those "in the know" go to sell their coins! We buy millions and millions (and millions!) of dollars worth of coins each year from other dealers. Obviously, they're going where they can get the best deal for their coins, and that's why they choose **Spectrum Numismatics**. So should you!

We buy it all— Yes, we're definitely the company to see if you have a complete set of Capped Bust quarters in Gem condition and two Pan-Pac sets in the original frame. But we're also highly interested in the real world, and that includes the 67 assorted silver dollars you've had for years, along with the Mercury dime set missing five dates, the 20 1964 Proof sets and the Trade dollar an ancestor brought back from the Orient. We're interested in hoards, accumulations, portfolios, specialty collections, and every other conceivable coin holding that you can think of.

We buy it NOW— Most transactions with **Spectrum Numismatics** are completed in less than 72 hours (start to finish) and many take place on the same day. If we need to come see you there's a major airport only minutes from our office. If we do the deal by mail, as we do in 80% of the cases, your coins will receive same-day attention upon their arrival. If you make an appointment and come by our offices you'll find our service prompt and our people as agreeable as our prices.

Check us out— Need references? You've got it! Just give us a call and we'll provide you with any information that you might need or want to assure you that **Spectrum Numismatics** is the right choice every time!

Selling your coins to **Spectrum Numismatics** is as easy as one, two, three. In fact, it's even easier than that. Just give us a call, drop us a line or send us an e-mail at JBrushSpectrum@aol.com. We'll take care of the rest.

Rare Coin Wholesalers specializes in buying United States Rare Coins.

Steve Contursi, President of Rare Coin Wholesalers recently purchased the lion's share of The Knoxville Collection, one of the finest known collections of silver type coinage, including the Amon Carter 1794 Silver Dollar. Mr. Contursi took the 1794 silver dollar to the team of experts at PCGS, and asked for the coin to be reassessed based on his hunch that the coin was more significant than previously thought. Mr. David Hall,

President and Founder of PCGS, wrote an article about this silver dollar after their assessment. This silver dollar is now believed to be the first silver dollar ever minted in the United States. The silver dollar was the start of our international economy, allowing us to trade outside of our country.

This unique 1794 Silver Dollar has been graded as a Specimen and has been attracting media attention including being featured on the front page of major newspapers.

Visit our web site at www.RareCoinWholesalers.com to view and read more about this national treasure.

Additional information on the coins available from The Knoxville Collection are available upon request by the discriminating dealer or collector.

Whether you are a dealer, a collector, or a sophisticated investor, speak to us first. We are nationally recognized as major auction bidders with America's largest auction houses. If you need representation, call us.

THREE EASY WAYS TO SELL YOUR COINS TO DAVID LAWRENCE

DAVID LAWRENCE RARE COINS was founded in 1979 by David Lawrence Feigenbaum on the basic principle of creating long-term, mutually beneficial relationships.

In that spirit, we now offer three different ways to sell your coins and currency to realize the highest dollar for your collection. No matter which route you take—outright sale, consignment, or auction sale—you benefit from the highest quality personal service in the industry.

For collections and accumulations valued over \$50,000, Win Callender—DLRC's Vice President of Numismatics—will come to you. Win has over 30 years of numismatic experience and can advise you on the best way to maximize your collection's value. Call Win today at Extension 101 for a consultation.

Let us create the optimal blend of these three programs to get you the most for your coins. At DLRC, we go the extra mile to make sure you're happy. Give us a try!

1. OUTRIGHT SALE

We obtain the majority of our inventory by direct purchase. It's easy; no hassles, no guessing games, and you are paid immediately. No collection is too small or too large.

Why sell to DLRC?

- ☒ We have one of the strongest retail client bases in the industry. We need your coins and currency.
- ☒ Sellers love our honest, no-hassles approach. We will make you an immediate and fair cash offer.
- ☒ Your coins are sold directly to other collectors. We can pay you more because there are no middlemen.
- ☒ We are willing to travel to you. We can walk you through all aspects of selling or adding to your collection.

2. CONSIGNMENT

Consigning is a great way to maximize the value of your collection without sacrificing control over prices. First, we work with you to establish values for each item in your collection. We then sell your coins/currency for a modest premium. You receive the agreed-upon price as the items are sold.

Why consign to DLRC?

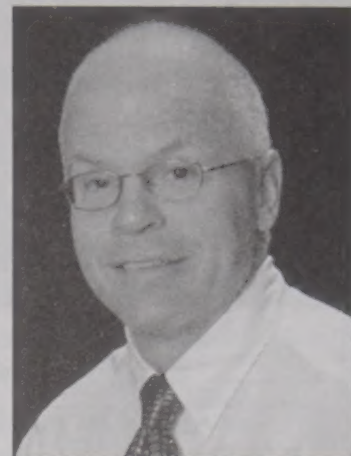

- ☒ Our retail clients are hungry for your fresh coins. Many of our consigned items sell in the first two weeks; you won't have to wait long for payment!
- ☒ You can easily view the status of your consignment online, in real-time on our Web site.

3. AUCTION SALE

We are holding our inaugural live auction on July 22-23 this year in New York City and we're looking for a select group—or collection—of great coins to feature along with the spectacular Richmond Collection. In addition, you are given unprecedented control over the treatment of your coins.

Why auction with DLRC?

- ☒ Our inaugural New York City sale—anchored by the Richmond Collection—will attract aggressive bidding.
- ☒ We will maximize your auction results and minimize your fees.
- ☒ We offer personalized attention to your consignment from a senior numismatist—not a salesman.

▲ Win Callender, Vice President of Numismatics, can travel to you (value permitting) to advise you on the best ways to maximize the value of your collection.
